

Over the next 10 years, Frank Knight projected that a surge of 71% of billionaires in Asia would attain almost the same number as in the US. The billionaires in China and India are projected to increase by 75% and 105% respectively over the next decade.

As individual wealth continues to multiply at such an awesome scale, the need for private banking and wealth management business is indisputable.

The critical success factors are to develop strategies and modus operandi that are befitting to the banks' own strengths and weaknesses, are cost effective and sustainable. The good old days of doing private banking and wealth management business has gone with the wind.

The rapidly changing environment and market place demand that banks and their senior management adapt to the new paradigms. Any banks and financial institutions still clinging to their old-fashioned ways will become relics. 🚫

萊坊預計在未來10年，亞洲的億萬富翁人數將激增71%，幾乎與美國看齊。同時，中國和印度的億萬富翁，人數將分別激增75%及105%。

鑑於個人財富幅度增長持續驚人，私人銀行和財富管理的需求是必然的。

提供這些服務的機構的成功關鍵因素，在於發展出合適的特性、能揚長避短、具成本效益與可持續性的策略及運作模式。私人銀行和財富管理從前的好時光，已經一去不復返。

瞬息萬變的環境和市場，令銀行及其高級管理層不得不去適應新模式。任何固步自封的銀行和金融機構，必將成為歷史。 🚫
