

There was a time when Lamborghini's new Hong Kong store sold just six cars a year. Fast forward 20 years and Lamborghini Hong Kong has claimed the title of the world's best Lamborghini dealer.

"When we started in 1992 we just had one model, the Diablo, and globally the company was only producing around 200 cars. In 2015, Lamborghini delivered more than 3,200," smiles Director Albert Wong.

"It's quite a big jump exponentially. From selling just six cars in the early days, 2015 was a benchmark year for us because we had some new products like the Huracán which was introduced. We delivered more than 100 cars just in Hong Kong alone and luckily enough were the biggest point of sale in the world."

回顧往昔，林寶堅尼香港經銷店曾經一年只售出六台車。20年以後，它已經摘得全球最佳林寶堅尼經銷商的稱號。

公司董事黃卓微微笑道：「1992年我們剛起步時，只有一個車型——Diablo。當時林寶堅尼在全球只生產差不多兩百台車。2015年，林寶堅尼生產了3,200多台。

「這是相當大的進步。從早期只售出六台開始，2015年算得上我們標桿性的一年，因為我們有了像Huracán這樣的新車型，僅在香港我們就售出一百多台，是全球最大的銷售點。」
